RE: File #2005-00878

Dear Mr. Weldon:

On October 19, 2005, personnel from the Department of Environmental Services ("DES") received an "After-the-Fact" application for construction of a pond in a wetland on the above referenced property, more specifically referenced on Town of Pittsfield Tax Map 31 as Lot 5 (the "Property"). The after-the-fact request was submitted in response to a Letter of Deficiency (Wet #2005-14) issued to you by DES on May 19, 2005 and approved by DES on February 16, 2006.

DES will close its enforcement file regarding the Property at this time. DES reserves the right to reopen this matter should additional information be received regarding additional violations on the Property.

Please be advised that further work in wetlands, waters of the state, the upland tidal buffer zone, the bank, flat, sand dune, or other areas of jurisdiction of the Department requires a posted, approved permit prior to carrying out such work.

Thank you for your assistance to bring this matter to a resolution. Should you have any questions, please contact the Wetlands Bureau at (603) 271-2147.

Sincerely,

Tracey Boisvert
Compliance Supervisor
